YMCA–YWCA Capital Campaign Update 5

February 12, 2007

CAPITAL CONTRIBUTIONS

- We are excited to report that the **Gee Family** has generously pledged to contribute a \$250,000 leadership gift to our capital campaign. **Theresa Gee** and her family members are Co-Chairs of our “Your Y” campaign.
- Special thanks also to **Washington Trust Bank** for their leadership gift of \$100,000 to our campaign along with their encouragement to ask for an additional contribution as our campaign progresses. Thanks to **Jack Heath** and **Pete Stanton** for their support of our project.

PLEASE CONTACT YOUR STATE LEGISLATORS

Our Government Affairs Committee is advising us that now is the time for us to be contacting our state elected officials and encouraging them to support our \$5 million request from the State Capital budget. We will soon be sending you sample letters that you can use, but you don't even have to wait for those. Simply email, phone, or write the elected officials in your legislative district indicating your support for the “Your Y” capital project in your own words and ask for their support in securing a \$5 million capital allocation. If you know others outside your district well, then it's OK to also contact them with the same message. We want our elected officials to realize that there is a lot of support for this project in their home districts. For your use there is also a legislative hotline number that you can call to dictate a message to any elected official at (800) 562-6000.
